ENGAGED.

Marriage is very largely an accident. In few cases do men or women set up a standard of mainly or womanly excellence and choose by it. In most cases people become engaged as the result of prolixity rather than because of any deep rooted preference. And so it often happens that the wife enters upon the obligations of maternity just as thoughtlessly as she entered on the marriage relation, because no one has warned her of the dangers she faces.

Thousands of women become invalids for lack of knowledge of themselves. It is to this large body of women that Dr. Pierce's Favorite Prescription comes as a priceless boon, because it cures womanly ills.

"Favorite Prescription" establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness. It makes weak women strong sick women well.

"After my first child was born," writes Mrs. Lydia St. John Pfeiffer, Frederick Co., Va., "my health was very poor for a long time, and last winter I was so bad with pain down in back I could hardly move without great suffering. My husband got me a bottle of Dr. Pierce's Favorite Prescription and sent me a bag of Pleasant Pellets, which I used as directed. In four days I was greatly relieved, and now, after using the medicine three months, I seem to be entirely well. I can't see why it is that there are so many people taking it when there are such easy ways to be cured. I know your medicines are the best in the world."

Dr. Pierce's Pleasant Pellets the favorite family laxative. One 'Pellet' a laxative, two 'Pellets' a cathartic dose.

TO THE DEMOCRACY OF THE 13th JUDICIAL DISTRICT.

I am candidate for the democratic nomination for the judgeship of the 13th judicial district of Kentucky, composed of the counties of Boyle, Garrard, Lincoln and Mercer.

M. C. SAUFLEY.

In this issue Judge M. C. Saufley announces his candidacy to succeed himself as circuit judge of this, the 13th district, and if he gets anything like his just dues he will receive both the nomination and final election without opposition. A most excellent judge of law, a lawyer second to none in the State, as fair and just a man as ever honored the bench in this grand old Commonwealth, it would be a calamity not to keep him where he now is. While all people who love fairness and justice should want Judge Saufley to succeed himself, the democrats in particular should desire to see him honored again, for he has ever been one of them. In parlous times in democratic ranks Judge Saufley was as true as steel, always supporting democratic nominees both with his vote, voice and means. Nature has eminently fitted him for the high office he holds and his friends and democrats generally will see to it that he will again sit as judge in this district. We confidently believe he will have no opposition from his party and having licked the republicans several times, they will be foolish if they tackle him again. As long as Judge M. C. Saufley lives in this district and wants the office, we predict that just that long he will sit as circuit judge of Lincoln, Garrard, Boyle and Mercer counties. Success and long life to the best circuit judge in Kentucky.

The first session of the 57th Congress came to an end at 5:30 Tuesday afternoon. In the House there was a scene of general rejoicing, during which the members joined in singing the "Star Spangled Banner" and "Dixie." The Doxology was sung after Speaker Henderson had made a brief address. In the Senate the thanks of the body were tendered the Hon. William P. Frye, president pro tem., in a resolution offered by Mr. Cockrell. The session of the House lasted 7½ hours, during which 70 bills and resolutions were passed. A good many good bills were passed while the number of bad ones are equally as numerous. On the whole, however, the half session was about up to the average.

The government's fiscal year closed with an available cash balance in the treasury larger than for many years, standing at the almost unprecedented figure of \$208,630,022. The excess of receipts over expenditures for the year is \$92,193,390, which is a larger treasury surplus than in any fiscal period since 1888. Only 10 times in the history of the government has the surplus been larger, and in nearly all of the cases the revenues had been swelled by extraordinary taxation imposed for the purpose of meeting the expenses of a war period.

In the Senate some hot words passed between Mr. Bailey and Mr. Beveridge over a resolution offered by the Texas Senator in regard to a Mexican mining case involving the interests of an American citizen. Mr. Bailey criticised the State department and other officials and Mr. Beveridge denounced his statements as an "unwarranted attack." After adjournment Mr. Bailey demanded a retraction and subsequently made a personal assault on the Indiana Senator. Other Senators interferred and stopped the hostilities.

The democrats of Pennsylvania have nominated Robt. E. Patterson for governor again. He has filled the office twice and it appears to be the impression in both parties in Pennsylvania that the democrats have played their best card in putting him forward again. Although the republicans have been much rent by factions, the hope of democratic success this year is not as great as it was when Patterson ran on previous occasions. Patterson is a fighter and may succeed in beating Quay's man.

WITHOUT any thought of making a record, a commercial traveler of Chicago has just completed a journey from Paris to his native city in less than seven days. The distance covered was one-fifth the circumference of the earth, and the achievement foreshadows the possibility of a trip around the world in five weeks when the speed possibilities of the lines of steam communication now almost completed shall have been fully developed.

THE midsummer payment of interest and dividends in New York July 1, amounted to about \$125,000,000 being the largest ever paid at this time of the year. John D. Rockefeller was the chief beneficiary, his share being about \$2,200,000. W. K. Vanderbilt came next with about \$1,100,000. The Standard-Oil Company had already paid its dividend. This amounted to \$10,000,000 and Mr. Rockefeller's part was \$1,000,000.

A LEBANON dispatch says that two young men have been going through Marion county soliciting subscriptions to help defray the expenses of Hon. Vincent Boreing, who is making the race for Congress in the 11th district. The young men are evidently frauds. Mr. Boreing is said to be worth at least \$100,000 and he doesn't have to resort to such methods to carry on his campaign.

THE Georgia Commission empowered to name two Georgians to be honored by statues in the Hall of Fame, paid the highest possible compliment to Gen. John B. Gordon, commander-in-chief of the United Confederate Veterans. Since the commission could not name a living man they decided to wait until Gen. Gordon's death and then name him.

Wage Well No. 7, of the Atlantic and Pacific Oil Company, came in on Richland Tuesday at a depth of 150 feet. It is a fine producer, and being at such a distance from the other Wage wells, greatly extends that field. Not a dry hole has been drilled on the Wage farm.

In Mercer county, Geo. Elliott, aged 65, hanged himself in his barn with a plow line after his wife had been mysteriously and probably fatally hurt while the couple were driving to the residence of a neighbor. Just before the Senate adjournment, Senator Allison presented a statement showing from his standpoint, that the total appropriations for the session were \$800,193,837. Pensions led with \$139,842,230, and postoffices are next with \$138,416,598. The total list last year was \$730,338,575. Representative Livingston, in the House, stated that Senator Allison's total should be increased \$295,373,215 to include contracts authorized to be entered into. This aggregate would be \$1,059,577,052.

About The Bond Issue.

MR. EDITOR:
The board of trustees of the Stanford Graded School on July 2 received and made answer to an offer of compromise from opponents of the bond issue which communication and answer thereto the board of trustees request that you publish to the people of the district.

STANFORD, KY., July 2, 1902.—J. H. Baughman, J. B. Paxton, S. H. Baughman, Jno. B. Owsley, J. S. Hocker, committee.

This afternoon you gave to a member of the board of trustees of the Stanford Graded School for presentation to the board, the following offer of settlement of the question of bond issue for the purpose of building and equipping a school building for the district.

To the trustees of the Stanford Graded School District:

The undersigned committee representing those who have heretofore proposed the issue of bonds are authorized to and do make the following proposition: If the trustees will call an election to authorize them to issue not exceeding \$5,000 in bonds payable in 10 years from date, there will be no opposition to the proposition in the election. J. H. Baughman, J. B. Paxton, S. H. Baughman, Jno. B. Owsley, J. S. Hocker, committee. July 2, 1902.

Having for months had the needs of the district under consideration, and having made careful estimates of the cost of building and equipping a house commensurate with the demands of the district, we are satisfied, beyond all question, that the sum of \$5,000, suggested by you, is entirely inadequate.

After a careful consideration of the matter, abridgement of the proposed building and curtailment of conveniences, the sum of \$7,000 was unanimously agreed by the board to be the limit of reduction.

The question has been twice submitted, and while most pronounced majority have voted in favor of the issue of a larger bonded debt than the one now proposed, yet the requisite two-thirds majority has not been secured.

Your communication is the first offer of settlement of any kind to the board from the people who have opposed the bond issue.

As the mere servants of the district, with no personal ends to accomplish and with no personal preferences that can not be subordinated to the welfare of the 300 school children of the district, we are glad to be given the opportunity to avail ourselves of some means of affording the children the advantages of the school which our tax-payers have so generously voted them.

To this end we offer you this counter proposition:

Your offer of compromise comes too late for any alteration in the call of the election. To postpone the election would simply delay the building, when the building season is now half over.

If you gentlemen of the committee, together with 25 of the men whom you represent, will, in writing, signify to us your acceptance of the proposition not later than July 5, 1902, and evidence your sincerity by the withdrawal of your opposition and by your votes in favor of the bond issue at the election on July 12, we assure you in our official capacity and upon our personal honor that we will limit the issue of the bonds voted, to the sum of six thousand dollars (\$6,000) and make such further alterations in the proposed building as this reduction will necessitate. By order of board of trustees. W. B. O'Bannon, Will N. Craig, Geo. L. Penny, J. N. Saunders, trustees.

THE MENDOTA.

(Private letter to Mrs. W. G. Welch.)
WASHINGTON, D. C., June 26.—Dear Sister: Your last letter just received, and I hasten to reassure you as to my standing fast in the "faith once delivered to the saints." You seem to be puzzled as to the consistency of my connection with Zion and steadfastness in what I have been taught for so many years.

Let me assure you that I have not changed an iota, but more and more earnestly believe all that you have ever heard me preach.

And furthermore, I have not the least anxiety as to my being so guided by the spirit of all truth that I can work in perfect harmony with my beloved "general overseer" to the end of earthly life.

Don't imagine that I entered Zion with the expectation of antagonizing any teaching of God's messenger of the covenant. I expect to believe all that the Lord has taught me and to add to that which the Lord has taught Dr. Dowie and I do not anticipate the least hitch.

This may seem a mystery to you, but it is none to me. The good Lord will keep me on the one hand from betraying His truth and on the other from being a firebrand of dissension in Zion.

Can't you trust the Lord a little bit, my sister? (I do trust Him!)

I hope you haven't made a mistake in going back to your old church association. If you have, I pray you may see it and be delivered "as a bird out of the snare of the fowler." You have my prayer for guidance. (The two questions I asked Brother Barnes in my last letter were: Why he had laid off the stars, rather the badge of "Love and Nothing Else;" and did he accept the Permission Theory of Dr. Dowie now?)

I have been holding the three services mentioned in my last letter, but with very, very little visible results, save that I have laid hands on a few folks and the good Lord has healed them as of old. I am quite encouraged to believe that the dear Master has given me back something of the old ministry of healing that I lost through partial (not willful) unfaithfulness years and years ago. I praise him for his forgiving love. "His mercy endureth forever."

Next Sunday is the last day for which the hall is rented. I have preached to the merest handful, as in the 100 days' mission of three years ago.

The dear Lord keeps me from the least depression. If I could bless this capital, I would. He well knows that if I knew any better way than the one I am walking in, I would go in it gladly. He knows that.

I expect to go to Zion City for the "Feast of Tabernacles," beginning the 12th of July. I am waiting for orders from headquarters, as I am now a man under authority, and glad to be. I have an abiding faith in the leader God sent his children to guide them over the desert and I follow. Only Mamma goes with me. Affectionately yours

BRO. BARNEs.
